EC CERTIFICATE OF CONFORMITY

n. 1388-CPD-5.2/2013

In compliance with Council Directive 89/106/EEC of 21 December 1988 on the approximation of laws, regulations and administrative provisions of the Member States relating to construction products (the Construction Products Directive or CPD), as later amended, it has been stated that the construction product:

Delineator post with retroreflectors R1 type #148

Delineator post is designed as a flat C shaped fiber-glass profile of white colour equipped with retroreflectors type R1 of rectangular shape of white colour at the direction of the traffic and of two circular shape white colour reflectors at the direction opposite to traffic.

placed on the market by:

PAS-GON (1996) LTD
Neve Eitan
10840, ISRAEL

and produced in the factory:

PAS-GON (1996) LTD
Neve Eitan
10840, ISRAEL

is submitted by the manufacturer to a factory production control and to the further testing of samples taken at the factory in accordance with a prescribed test plan and that the notified body No. 1388, Silniční vývoj – ZDZ spol. s r.o. has performed the initial type-testing for the relevant characteristics of the product, the initial inspection of the factory and of the factory production control and performs the continuous surveillance, assessment and approval of the factory production control.

This certificate attests that all provisions concerning the attestation of conformity and the performances described in Annex ZA of the standard

EN 12899-3:2007 Fixed, vertical road traffic signs - Part 3: Delineator posts and retroreflectors

were applied and that the product fulfils all the prescribed requirements.

According to EN 12899-3:2007 Fixed, vertical road traffic signs - Part 3: Delineator posts and retroreflectors, the product is classified in classes: WLO, D3, DH2, R1 class 3.

This certificate was first issued on 13.5.2013 and remains valid until 13.5.2015 provided that the conditions laid down in the harmonised technical specification in reference or the manufacturing conditions in the factory or the FPC itself are not modified significantly.

In Brno, 13.5.2013
